Unmatched Integrated Connectivity Solution

+

+

Pre-provisioned modems

Optimized SIM location in the device for reliable connectivity

Optimized for low-latency

unlimited video uplink

Verified by LiveU

Full compatibility with LiveU devices eliminating interoperability issues

PLUS so much MORE

More use cases

- ✓ EU profile
- ✓ Low latency premium roaming
- ✓ Pooling & flexible plan management

Unified Usage Analytics

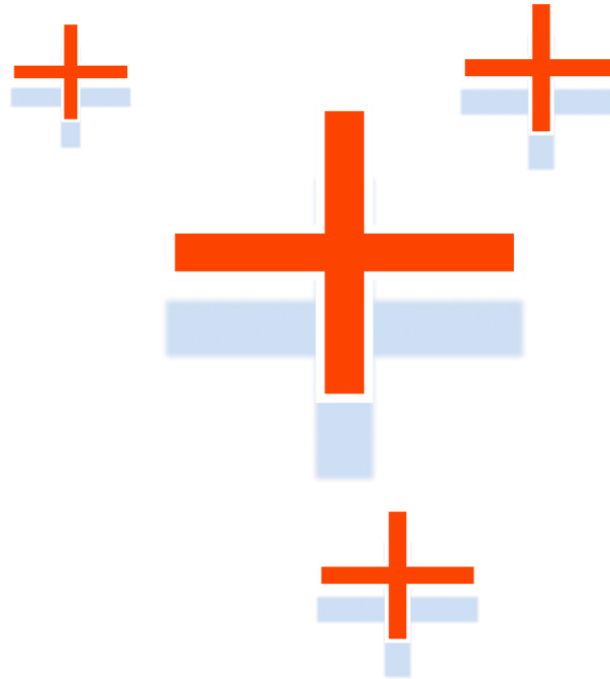

- ✓ Single pane of glass for all your usage
- ✓ Real-time data allocation control & performance

Technology optimization

- ✓ Single IMSI switching times
- ✓ eSIM

LIQ™

- ✓ New levels of performance and resiliency
- ✓ Congested and coverage gap areas

PLUS, a unified management experience

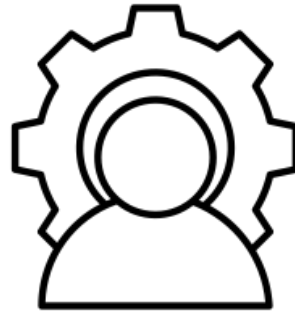

Procurement

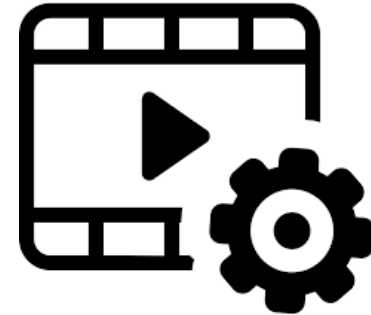

- ✓ Single Invoice
- ✓ Predictable Costs
- ✓ Budget Control - Pooling

Operations

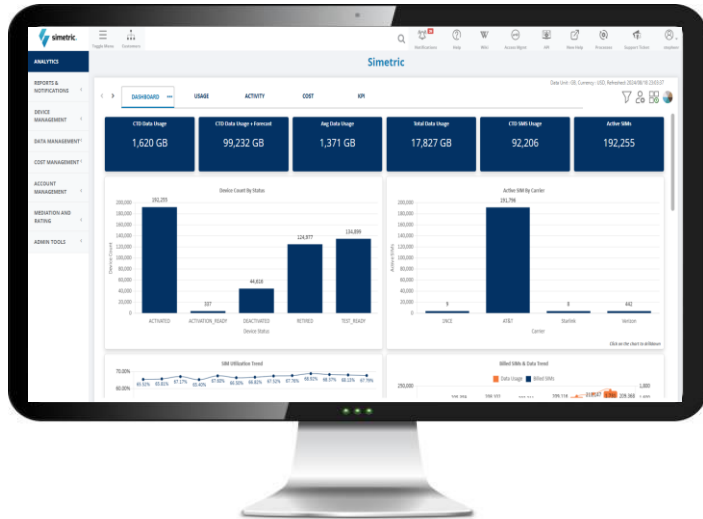

- ✓ Ready to deploy
- ✓ Single vendor responsibility

Support

- ✓ Single support contact
- ✓ Data-relevant responsiveness
